ORGANIZATION

of the

CITY GOVERNMENT, JANUARY 4, 1932

The inauguration of the city government for 1932 took place in the City Hall, Monday evening, January 4, 1932.

At the final meeting of the City Council of 1931 in the Council room, Mayor Sullivan thanked the councilmen for their friendly relations, earnest support and co-operation during his administration. A rising vote of thanks was given the Mayor and the council adjourned to the City Hall.

Then Mayor Sullivan addressed the City Council and the citizens calling attention to the probable increase in debt largely due to the unemployment situation and the demand for relief. He also spoke of the Daniel Webster Bridge which had been completed during his administration. He again thanked the Council and the citizens for their support. No copy of his valedictory is available, therefore it is not printed in this report.

The oath of office was then administered by Mayor Sullivan to Mayor-elect Rodney A. Griffin and Councilmen-elect Lester C. Maxfield, Philip Rousseau, Alphonse Lagace and Walter J. Richardson. Reverend Wilton E. Cross offered prayer. Mayor Griffin gave an inaugural address, as follows:

Mayor Griffin's Inaugural

Ladies and Gentlemen:

Election to the office of mayor of the city of Franklin is a great honor; much more so, when the election is with practically no opposition and has the approval of both political parties. I assure you I appreciate the confidence placed in me by the voters and that I will do the best I can to merit that confidence.

Franklin is facing a very serious financial situation, but there is nothing to be pessimistic about, if the tax payers will cooperate with the city government in effecting necessary economies in the conduct of the city's business. It is unfortunate that the increase of the bonded indebtedness of the city together with the necessary interest charges and the increase in outstanding loans or bills payable, should come at the same time as the decrease in revenues from taxable property due to the lower values of the merchants' stock in trade and the smaller stocks on hand in the manufacturing plants.

This condition positively means a higher tax rate unless there is a material reduction in the city's expenditures. Whether the tax payers like it or not, the city council should cut expenses to the lowest possible figure until such time as there is a change in

business conditions. This will surely involve a curtailment in service and improvements but will undoubtedly be better for the city in the end.

It seems to be accepted as an inherent right of the voter to elect a mayor and council and then criticize the action of the board regardless of what it may do or may not do. I would not deprive any voter of this privilege, it is undoubtedly his right. I hope, however, that some of this criticism will be constructive and of assistance in the management of the city's affairs.

I reported for the Franklin newspaper the inauguration of the first mayor of this city and I have been more or less acquainted with the mayors and city councils since that time. It is my opinion that Franklin has always had a good city government. No doubt some mistakes have been made, but this same statement would apply to the management of almost any kind of business. Furthermore, I believe that the tax payers are fully as responsible for the financial conditions of the city as the city officials. Please note that I do not say as much to blame. I do not see anything particularly blame-worthy in the situation. Almost every improvement of any consequence, every expenditure of any size, has been made as a result of the insistent demand of the tax payers. Exceptions to this are payments for the fire equipment as demanded by the State Board of Underwriters, and for repairs and improvements in accordance with requirements of the State Highway regulations.

Some of you may remember that it was not until after a Boston paper had said that Franklin's business street was the worst piece of road between Boston and the White Mountains, and after several years of persistent effort on the part of the merchants and tax payers, that the business section of Central street was improved. A similar demand on the part of the tax payers preceded the improvements of our highways and streets, the erection of the Junior High School, the building of the new bridges, the extension of light, water and sewer systems and so on. We have the improvements. Franklin is a better city to live in as a consequence and the tax payers must pay the bill. But this seems to be a good time to call a "moratorium" on further improvements. The key-note of my predecessor's regime has been economy and I know that he has put a lot of time and thought into his office. He and his council have given the city an excellent administration in spite of the increase of indebtedness. One frequent criticism has been the cost of the new bridge. But it is not unusual for the construction of a house or a garage or even a dog kennel to cost more than the estimated price. Even if the cost of the new bridge has been higher than the estimate, it has not been unreasonable or exorbitant. At any rate, the bridge belongs to the city and is a wonderful asset and its value is much greater than its cost to the city. This may also be true of many other of the city's assets such as the water system which is said to be worth three hundred thousand dollars.

It is hard to realize that it costs more to run our schools today

than the total city expenditure of twenty or twenty-five years ago. But who wishes to go back to the conditions of that period or cut the appropriation of the schools so as to impair their value? The schools seem to be efficiently and economically managed. The increase from twenty thousand dollars to nearly eighty thousand dollars in their expenses during the period mentioned may seem rather high, yet we should consider the value of their product, the boys and girls better educated and better prepared for life's work. Nevertheless, eighty thousand dollars is a lot of money to raise by taxation for schools, and when you add to that the cost of the highways, fire department, police protection, interest charges, city poor, and other public necessities, it will mean a much higher tax rate unless the appropriations are cut to the limit.

Now, the point that I've tried to make is that if the tax payers demand improvements, the tax payers must pay for them. It so happens that the groups making such demands are not always the same groups which pay the bills. The councilmen are elected to serve the people and are under more or less obligation to grant their demands. The tax payers may assist in reducing city expenses by not making demands that will require expenditures except when absolutely necessary. There does not seem to be any way to cut taxes or city government cost except by spending less money.

Gentlemen of the City Council:

As you all know, I am not a politician and I shall try to be non-partisan in my conduct of the city affairs. I propose to appoint to the various committees, the men whom I think best qualified by experience or otherwise regardless of their political affiliation. In appointing the standing committees of the Council, I shall appoint one from each ward to each committee. I believe this was the original intention of the framers of the city charter as indicated by the resolution on this subject passed by the first city council. There are, however, plenty of precedents to the contrary for those who do not agree with me.

You also know that I am inexperienced in city business and shall depend largely on you and the city clerk for information and advice. I hope I may have your support in effecting economies so necessary for the welfare of the city. However, you, and not the mayor, must accept the responsibility in this respect.

My recommendations for your consideration are as follows:

That more publicity be given the acts of the council and an effort made to get the tax payers to attend the meetings and take an interest in the affairs of the city. In this way, the work of the council will be better understood and appreciated, and proper credit given those members who are devoting their time and energy in directing the city affairs and striving to make the economies that are so necessary.

That you authorize the appointment of a Citizens Advisory Committee to investigate the condition of the city finances and

report to the council Finance Committee with special reference to the adoption of a budget system. This committee's work would be similar to the planning boards or budget committees now operating in other places. An expert from the State Tax Commission will gladly assist this committee if it is so appointed. No reflection on your ability is involved in this recommendation, but I feel that such a committee could give the matter more time than you could with your other councilors' duties.

That the City Clerk be required to present at each council meeting an up-to-date statement of financial condition of the city showing appropriations of the various departments with amount expended and balance remaining. Also that the clerk, councilmen and city officials make statements showing as nearly as possible unpaid bills and future contracts or obligations. The City Clerk has had the necessary forms for such a report for some time and will gladly cooperate with the councilmen in this respect. This will make it necessary for those having bills against the city to present them on the Wednesday previous to the council meeting, in order to receive prompt payment. I think those purchasing merchandise for the city should be commended. In most cases, when practical the purchases are made locally and I think the dealers are making a special effort to sell to the city at fair prices. The fact that the city pays should not be considered an excuse for overcharging. All dealers should be cautioned not to deliver merchandise to be charged to the city except on presentation of the necessary order from the city purchasing agent.

That in addition to the usual committee in the council there should be one appointed to be known as "Health and Welfare Committee". The object should be to cooperate with the health officials and overseer of the poor and in the relief of the unemployed. It is probable that during the present unemployment situation, the overseer of the poor should be allowed to hire a special investigator. The public health nurse might also be able to give advice in many cases for through her long experience and good judgment, she has acquired much valuable information.

That the City Clerk and Health and Welfare Committee confer with the County Commissioners relative to method of payment for the charges against the County for the county poor. The city carried this account which amounted to nearly \$11,000 last year on borrowed money which cost the city about \$250 for interest charges. The work was also done by city officials on city time, and probably cost at least \$500 more. This is a matter which can easily be adjusted.

That the City Clerk and the Lands and Buildings Committee be requested to make inquiries regarding the possibility of increasing the income from the Opera House. It will be necessary to make some repairs on the building very soon and arrangements should be made for a suitable police court room and a council room. The City Clerk's office should be re-arranged so as to protect the city money and records and make the work easier for the officials.

That prompt attention be given to the passage of a Sunday regulatory ordinance. As far as possible, I believe the conditions should remain nearly as they are at present.

That a special investigation be made of the unpaid bills now on file to ascertain whether or not the expenses were authorized, and if so by whom. Then that the bills either be paid or repudiated by council action.

That the city complete the state aid road to Salisbury and with any funds left start the Calef Hill Road. Also that the road at the head of Webster Lake be finished if advisable and Pemi-gewasset street improved. I have consulted with the chairman of your highway committee and this recommendation is based on the excellent advice received from him. I suggest that work on all other state aid roads be postponed until state funds are available to help defray the costs.

That the highway commissioner and the highway committee be requested to make an investigation regarding the streets and highways that can be advantageously abandoned with special consideration to Glenwood avenue from West Central Street to the upper Cemetery entrance.

That the highway committee be requested to investigate cost of having the sidewalks plowed after snow storms and the garbage removed by contracts instead of by the highway department.

It has been suggested that the Ward One Fire Station be closed and the equipment moved to the Central Fire House. I have been over the matter very carefully with the City Clerk and we do not think the economy effected would warrant the change. I do not recommend it at this time. It may be advisable for the fire department to limit the amount to be expended for practice and overtime.

It also has been suggested that all of the city officials and employees take a voluntary ten per cent cut in pay. I do not believe that the city should pay more than an individual or corporation for the same service. There are some in city employ, however, who by their experience, are worth more than they could get in other employment. I do not recommend a general ten per cent cut. It is possible that some adjustments should be made and in that case a special committee should be appointed to study this question.

My final recommendation is that you reduce the appropriations to the lowest possible level and then keep below that. This will require a steadfast determination to say a decisive NO to all demands except for absolute necessities.

CITY GOVERNMENT

CITY COUNCIL

Mayor

Elected annually on the fourth Tuesday of November. Salary \$180 a year.

Rodney A. Griffin

Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

	Term Expires
Ward 1—George G. Fowler	January 2, 1933
H. R. Kelley	January 1, 1934
Lester Maxfield	January 7, 1935
Ward 2—Albert J. Garneau	January 2, 1933
Philip Rousseau	January 1, 1934
Alphonse Lagace	January 7, 1935
Ward 3—Otis M. Davis	January 2, 1933
Elmer D. Kelley	January 1, 1934
Walter Richardson	January 7, 1935

Standing Committees of the Council, 1932

Highways—Lagace, Davis, Maxfield.

Sewers—Rousseau, Fowler, Richardson.

Fire—Garneau, H. R. Kelley, Davis.

Police—E. D. Kelley, Fowler, Rousseau.

Schools—Richardson, Fowler, Garneau.

Lands and Buildings—H. R. Kelley, Richardson, Garneau.

Street Lighting—Fowler, Rousseau, E. D. Kelley.

Ordinances—Maxfield, Lagace, Davis.

Claims—Davis, Rousseau, H. R. Kelley.

Cemeteries—H. R. Kelley, Lagace, Richardson.

Health and Welfare—E. D. Kelley, Lagace, Maxfield.

Finance—The Mayor, E. D. Kelley, Garneau.

City Clerk, Overseer of the Poor, Tax Collector, Purchasing Agent,

Clerk of Board of Assessors, etc.

Elected annually by the City Council. Salary \$2400 a year.

George S. French

City Solicitor

Elected annually by City Council. Salary \$180 a year.

Dennis E. Sullivan

Treasurer

Elected annually by City Council. Salary \$135 a year.

William A. Dussault

Assessors

Elected annually by City Council. Salary \$270 a year each.

George S. Davenport

Joseph A. Comire

John W. Gerry

Highway Commissioner and Tree Warden

Elected annually by City Council. Salary \$1800 a year.

Ned Bunton

POLICE DEPARTMENT

City Marshal

Elected annually by the City Council. Salary \$2200 a year. (\$36 a week after March 1.)

John Manchester

Police

Appointed by the City Council. Salary \$800 a year.

Louis Bassett

Night Officer, Main Street

Appointed by the City Council. Pay \$4.25 a night.

Warren E. Danforth

Special Police Officers

Appointed by City Council upon recommendation of City Marshal. Pay, 40c an hour when on duty.

Loren B. Greeley

Martin Streeter

Thomas Keating

Francis Claffey

Charles Legare

John Dodge

Chester Tilton

Leonard Leighton

John Hancock

Algot Eliasson

E. S. Morrison

Allen W. Ladd

Walter Richardson

Charles H. Bean, Jr.

John Pikor

Franklin Municipal Court

Justice

Appointed by the Governor and Council. Salary \$600 per year.

Thomas F. Clifford

Clerk

Appointed by the Justice. Salary \$150 per year.

Edward L. Welch

Probation Officer

Appointed by the Justice. Salary \$100 a year.

Wilton E. Cross (resigned March 1)

FIRE DEPARTMENT

One chief and two assistant engineers elected annually by the City Council. Pay schedule adopted March 7: Chief Engineer, \$225 a year; assistants, \$135 a year each; captains, \$67.50 a year and 50c an hour; firemen, \$40 a year and 50c an hour. (Superintendent of fire station and city stable to receive no hourly service pay.) Driver-Mechanics, \$27 a week each and quarters.

Chief Engineer

Harry E. Colby

Assistant Engineers

John E. Cunningham

Leslie N. Boomhower

Firemen

Hose Company, No. 1

Captain Alwin C. Dean, 10 men

Engine Company, No. 1

Captain Edgar H. Wheeler, 15 men

Hook and Ladder Company

Captain Albert Garneau, 15 men

Janitor of Memorial Hall and Heating Plant

Elected annually by City Council. Salary \$1380 a year.

Allen W. Ladd

Board of Water Commissioners

Two members elected annually by the City Council for three years. No salary. Salary of Clerk, \$200 a year.

Term Expires.

J. H. Gerlach, Edmund J. Garneau

January 2, 1933

Docite J. Rousseau, George S. French, Clerk

January 1, 1934

David T. Atwood, George D. Mowe, Chairman

January 7, 1935

Superintendent of Water Works

Appointed by the Water Commissioners.

Edward J. Judkins

Board of Park Commissioners

Established March 3, 1913. One member elected annually by the City Council for three years. No salary.

Term Expires.

George S. French

March 3, 1933

Frances M. Carter

March 3, 1934

Arthur M. Hancock

March 3, 1935

Board of Health

Elected annually by the City Council. Salary \$100 for secretary; \$100 for City Physician; \$100 for milk inspector. No salary for second and third members.

Mr. G. Lagace

William E. Smith, Secretary, City Physician and Milk Inspector

George S. French

Marion Blake

Trustees of Public Library

Two elected annually by the City Council for three years. No salary.

Term Expires.

Miss Anna G. Blodgett, Miss Mary A. Proctor

January 2, 1933

Miss Mary E. Scribner, Arthur L. Smythe

January 1, 1934

Arthur M. Hancock, Walter F. Duffy

January 7, 1935

Superintendent of Fire Stations and City Stable

Appointed by City Council. Salary \$1925 a year and domicile.

Edgar H. Wheeler

City Auditor

Appointed annually by the Mayor. Salary \$100 a year.

Harry F. Davis

Surveyors of Wood and Lumber and Fence Viewers

Appointed annually.

Harry E. Colby	Geo. S. Davenport	Edmund J. Garneau
Arthur W. Jones	Lewis Russell	Ernest H. Smith

Trustees of Trust Funds for the City of Franklin

One elected annually by the City Council, for a three year term.

Term Expires.

R. W. Sulloway	September 13, 1933
W. Earle Goss	September 13, 1934
Edrick S. Avery	September 13, 1935

Superintendent of Fire Alarm

Elected by the City Council. Salary \$90 a year.

Howard R. Kelley

WARD OFFICERS

Elected biennially by the ward.

WARD ONE

Moderator—George S. Davenport
Ward Clerk—William H. Turcotte
Supervisors of Check List—Leon W. Dearborn, Albert H. Barney,
George G. Fowler.

WARD TWO

Moderator—John Turner
Ward Clerk—Adelard Gauthier
Supervisors of Check List—Ernest J. Michaud, J. Charles Riel,
Philip Rousseau

WARD THREE

Moderator—William H. Martin
Ward Clerk—Walter J. Richardson
Supervisors of Check List—Ernest B. Schwartz, Fred E. Durham,
William H. Mayor

Ballot Inspectors

Ward One—Alvin C. Gilman, W. Ellery Clark, Herbert A. Griffin,
Lester C. Maxfield.
Ward Two—J. Victor Ferron, Albert Garneau, Leslie Buchanan,
Rodney A. Griffin.
Ward Three—Harry F. Davis, Frederick A. Holmes, Stephen
Barnaby, William M. Bryson.

Board of Education

One member elected annually for a three year term, at special meetings held for that purpose. No salary.

Term Expires.

Marguerite T. Clifford	January 2, 1933
James B. Woodman	January 1, 1934
Charles E. Douphinett	January 7, 1935

Advisory Committee

Appointed by Mayor and Council. No salary.

Enos K. Sawyer	Harry E. Merrill	Albert H. Barney
James H. Gerlach	A. Murray Hancock	Warren E. Gregory
Docite J. Rousseau	Seth B. Shepard	Richard W. Sulloway
Louis Douphinett	Herbert A. Griffin	Warren M. Draper
W. Earle Goss	W. Fred Duffy	Wm. W. Edwards
	A. A. Beaton	

Community Unemployment Relief Committee

Alphonse Lagace	Mrs. Lulu Nevins	Enos K. Sawyer

A. P. Campbell	E. A. Fellows	John Hancock
Louis Douphinett	Chas. B. Prescott	Jean M. Shaw
	A. B. Simonds	

MAYOR GRIFFIN'S EXAUGURAL

The following summary of activities in various city departments of the year 1932 was given by Mayor Griffin in his exaugural address delivered prior to the organization of the 1933 City Government, January 2, 1933.

Ladies and Gentlemen:

I would be remiss in my duty if I did not give you a brief resume of the work of the City Council of last year.

At the beginning of the year, the Franklin City Government faced a very difficult situation. A situation that might well have proven serious unless properly handled. That it was, on the whole, handled properly is proven by the results. Credit for this is not due the mayor or any individual but to the co-operation of the entire city government including officials, members of the several boards and commissions and employees, practically all of whom have worked for the best interests of the city.

Credit is also due the Advisory Committee. This committee was composed of sixteen citizens who gave a great deal of study to the situation and made a valuable and complete report of their investigation with more than fifty pertinent recommendations. The value of their recommendations is shown by the fact that the City Council adopted all of them, either in whole or in part, with two exceptions. These exceptions were the resurfacing of the business section of Central Street and the closing of the Ward One fire station. The work on Central street was postponed on the recommendation of the Chief Engineer of the State Highway Department, and the Council did not deem it advisable to close the Ward One station at this time. But it was not only the recommendations of the Advisory Committee based as they were on the study of conditions and the experience of its members in business and civic affairs that were valuable to the Council. It was also the knowledge that the suggested program had the support of a group paying thirty percent of the property taxes of the City.

At the beginning of the year the bond and serial note indebtedness of the city was \$274,854 and the net debt was \$310,993. In addition there were several rather large outstanding bills not included in the debt. Three of these amounting to \$9,152.50 have been paid by a special appropriation. The permanent debt has been reduced \$25,000, and it is probable that the final report for the year will show an even greater reduction in the net indebtedness. This is certainly an excellent showing under the conditions. Moreover, it required courage for the City Council facing a decrease in property valuation of \$600,000, to fix a tax rate of \$32.00 per thousand in order to balance the receipts and

expenditures. The results, however, have shown the wisdom of that action.

To enumerate the accomplishments of the administration in detail would take too much time, but some outstanding features are worthy of special mention. First and most important; we have taken good care of our city dependents and unemployed so that there has been no suffering as far as known to the officials. This has meant an expenditure by the Overseer of the Poor of nearly \$30,000. In addition more than \$10,000 has been expended for direct unemployment relief. Of this amount \$2,500 was appropriated by the City, \$6,500 received through the Governor from the Federal Government and the balance from special funds.

We have also been fortunate in receiving funds for relief construction work. The first request of the mayor to have Main Street taken over by the State as part of the trunk line system was refused. Later, however, when it was shown that Franklin would not be financially able to construct this road and when the Federal Aid funds became available, \$50,000 was allotted to the project. This means a saving of this amount to the City as well as providing work for local men. The City accepted state aid on the Salisbury road as an unemployment relief measure and received about \$2,800 from the state. The City also accepted the offer of the state for state aid construction at the head of Webster Lake and has expended about \$6,500 on that project. Other work that has been done by unemployment funds includes grading a number of city streets, filling at the new Webster Lake beach, repairing sidewalks, installing surface drains and sewers and some minor jobs. This work has been done with no direct cost to the City except for supervision and material. The major proportion of the expense would have been necessary in the form of relief if the work had not been done. By a system adopted early in the year all men receiving aid from the city who are able to work have been required to do so. As a matter of fact practically all who have been unemployed demand an opportunity to work and do not seek charity. City and County dependents have been given adequate relief in the form of restricted orders for necessities.

The city was very fortunate in receiving at an opportune time the gift of the Great Gains forest presented by Mrs. E. T. Drake in memory of her husband, the late Dr. Drake. This 600-acre tract of woodland has furnished employment for a number of men and a supply of wood for the Overseer of the Poor department. Over a thousand cords have already been cut and most of it sold at a nominal cost or given to the unemployed and dependents. Moreover, it seems probable that there will be a net income from this property that will more than offset the loss in taxes. It is certainly a valuable asset to the city now and for the future.

Much credit is due the Governor and his Council, the State Highway Department and the State Unemployment Relief committee for their splendid co-operation in making funds available

that have helped so much in the local relief situation. It really seems as if the only group which has not fully co-operated in reducing the city costs has been the taxpayers themselves. Many apparently do not realize that city service is performed at city cost and must be paid for by taxation.

The City Government has kept a very careful check on the city expenditures. Franklin's first mayor, Judge Parsons, is reported to have once said that the only way to save money in City affairs is not to spend it. That is exactly what was done last year. Appropriations were made covering some fifty different subjects. Only four of these were overdrawn. The work on the Salisbury road cost \$293.00 more than appropriated. This was an unemployment project and money was transferred from the highway department to cover the additional cost. The heating plant spent some extra due to some unexplainable leak in the steam mains. The cost of elections and registration was overdrawn partly because of the necessity for printing new check lists. Memorial Hall had the largest overdraft due to the ever increasing cost of repairs and the constantly decreasing revenue. It should be noted however, that the cost of the City Council room and the office of the Water Board is not charged to Memorial Hall. That expense is being paid without interest by the Water Board in monthly rentals. The total of the overdrafts is less than \$2,000. On the other hand, the total of unexpended appropriations from the other departments is over \$12,000. Certainly this is a very commendable showing in view of the fact that practically all of the appropriations except schools, bonds and interest charges were cut twenty percent. The schools and a few of the minor departments were cut nine or ten percent.

One of the important factors in the control of expenditures has been monthly meetings of the council as a committee of the whole for the purpose of examining the bills of the city, item by item, and investigating future expenditures and outlining the city work. These meetings are always attended by the City Clerk as purchasing agent and when necessary by the Highway Commissioner, City Solicitor and other officials in order that complete information may be obtained and the interests of the city thus protected.

An outstanding event of the year was the dedication of the Webster Memorial bust with appropriate exercises. On this occasion the bust was presented by Senator George H. Moses and accepted in behalf of the State by Governor Winant, for the City by the Mayor and for the Daughters of the Revolution by Mrs. Alice M. Shepard. Judge Frank N. Parsons presided at the ceremony and Dr. Claude M. Fuess delivered an oration on Webster.

In conclusion I wish to thank the members of the City Council and the city officials for their excellent co-operation with me and with each other. Only those who have been closely associated with city affairs can realize how much time and work has been necessary during the past year. The results of that time and work will be duly reflected in the next City report.

HIGHWAYS

Report of Highway Commissioner.

In making my report of the Highway Department for the year 1932, I wish to state that a large amount of work has been done on our outside roads by the unemployed citizens of Franklin, thereby helping them and allowing the department to do many jobs that could not have been done with our regular highway help. All outside roads were put in good condition, ditches cleaned and many stones removed, brush cut and culverts cleaned. The main road at Lawndale has been graded and covered with gravel. Also the hill from Beaupre's foundry to the plains has been put in good condition and railing built at dangerous slope. The road from Carr bridge to the cemetery has been graveled. Salisbury Street has been graded and some gravel put on, but not finished. Gilman Street has been graveled as far as accepted by the city. Monroe Street from Mrs. Mathews' to Green street has been graded and graveled. Green Street has been graded and graveled. Chestnut Street has been graveled as far as Woodrow Street. Considerable work has been done on the Paul Watts' road. Gravel has been put on in the worst places. The City streets have been kept in repair with patching and tar.

The sidewalks have been repaired at the worst places, and nearly a half mile of walk has been built on Central Street from Lancaster Street to the Cross road.

The sewers have been flushed twice. The outlet to the septic tank on Lancaster Street has been changed and now runs directly to the river, a much needed change. The sewer on Pearl Street has been extended to accommodate the last houses on the street. The sewer on South Main Street that takes care of house sewerage and surface drains, has given us much trouble. I greatly appreciate the cooperation of Chairman Rousseau and the Committee on Sewers, for their advice and help.

As the State has taken over the maintenance of the Trunk lines and state aid roads, I have no report on these roads.

State Aid Construction

Two thousand seven hundred feet of gravel road has been built on the Salisbury road and two applications of tar applied. This finishes the state aid road to the Salisbury line.

A mile of gravel road has been built at the head of Webster Lake, beginning at Sucker bridge and extending nearly to the home of L. C. Maxfield. No tar has been applied to this road and there are four culverts to be put in.

In closing, I wish to thank the Mayor and Highway Committee for their cooperation and advice.

NED BUNTON, Highway Commissioner.

Direct and Indirect Relief

In the year 1932 there were 186 families who received direct relief from the Overseer of the Poor. Of this number 109 received aid from the County, 69 from the City, and 8 received Old Age Assistance from the City.

Two hundred fifty people have been given employment. The weekly contributions from persons employed, the appropriation made by the city, and money from the State, have made funds available for employment on made-work projects and wood chopping.

This City is fortunate in having active charity organizations. The Merchants' Charity Fund established in 1930 has supplied school children of needy families with clothing. The Red Cross has distributed flour, cloth, new and second-hand clothing to families. Seeds and fertilizer were furnished for gardens. Clubs, private charity funds and individuals have been generous in their contributions and donations.

RUTH L. SAWYER,

Investigator for Overseer of Poor.

PUBLIC LIBRARY

To the Trustees of the Franklin Public Library:

The library has felt keenly the cut of \$700 in the appropriation made last March. The building has been used as never before, both for welfare work and for the general purposes of the Library. People out of work, travelers and townspeople, have found the warm and lighted reading rooms very comfortable places in which to pass their idle time.

In the basement has been carried on the work of the Red Cross and Wednesday afternoon brings many people in need of supplies. It would be difficult to find a room in town so well fitted for this humane work. The building supplements the City Hall in the care of the needy.

The circulation has been over 3,000 larger than any previous year and the \$1,000 spent for books, binding, and periodicals is the smallest sum expended since 1919.

It was in 1893 that New Hampshire for the first time made it obligatory for towns to have and maintain public libraries in the same manner in which public schools are maintained, and an act to this effect was passed in 1895. Public libraries are open for the circulation of books, just as schools are run for the education of children, and towns are expected to give adequate support to both under State laws. The promoters of this legislation proceeded on the theory that it was unpardonable to make large yearly expenditures for common schools, and then deny to the public the means for further education. Indeed, a popular public library, bringing sound literature within the reach of every family, is, in a very real sense, a part of the educational system of the State. Education ought not to stop with the public school, nor even with the high school, it should be carried into adult life.

The constant wear on the books caused by a large circulation makes necessary constant replacement, and \$1,000 a year is not nearly enough for this item alone. Every library receives severe losses from theft as well, and this library is no exception.

And right here is one of the severest losses to the Library. The growth of the prize contest mania brings many people who are not used to books. Their reading has been confined to the newspapers which are discarded as soon as read. They do not regard books as of permanent value, and TAKE, instead of borrow. We have lost a valuable Webster's Dictionary in this way—simply carried off and never returned. Our losses from stolen books are mounting. Many books formerly on open shelves in the Reference Room have had to be put on reserve.

"Frankenstein" was a book inherited from the Smith Library and had probably been loaned not more than a half dozen times in twenty-five years; but when it was widely advertised as a Moving Picture it was stolen; another copy was purchased and this in turn was stolen and the Library ceased to purchase any more copies. We can imagine the reaction on the person who took this book and tried to read it. He would consider it so dry that no one would read it, and he would throw it away, and in so doing the Library would lose a valuable classic. Books that achieve notoriety through censorship like "Strange Interlude", are sure to disappear. It is a mystery to the Librarian why they cannot be brought to the desk and properly charged.

The same loss is felt with newspapers and magazines.

The magazine subscription for next year has been cut in half, because it seemed folly to pay for magazines that are mutilated or lost as soon as placed in the Reading Room. Even the Journal-Transcript does not escape if it contains a report of particular interest to patrons of the Reading Rooms. This is a great pity, for every town needs a complete file of its local paper, in which is to be found a storehouse of historical facts, lives of prominent citizens, and events as they occur in the vicinity.

The income from fines and rentals is smaller this year than last. There are four other Pay Collections in town, when for many years, the Library Pay Collection, established in 1914 through a gift of \$20.00 from Mrs. Ellen Griffin—was the only one. Hundreds of books have been added to the permanent collection through this branch of the library, and this cut in income is keenly felt.

Fines have been difficult to collect, and books, have in many instances had to be collected by the police when overdue, the borrowers refusing to bring them in. Losses have occurred from people removing to other towns—all these considerations make the task of supplying an adequate amount of reading for a large circulation all the more difficult.

The Library has to thank the University, the State and the Dartmouth College Libraries for their generous loans of books for the use of our constantly growing Summer Colony.

Statistics are as follows:

Number of new titles added in 1932	621
Books added by gift	35
Total	656
Replacements and books for very small children are not included.	
Number of newspapers currently received	6
Number of magazines currently received	50
Number of volumes of non-fiction lent, adult	9,126
Number of volumes of non-fiction lent, juvenile	1,157

Number of volumes in foreign languages	476
Number of unbound magazines lent	878
Number of volumes of fiction lent, adult	52,404
Number of volumes of fiction lent, juvenile	13,629

Total circulation for 1932,	77,670
-----------------------------	--------

The gain in circulation over that of 1931 is 3,319.

Respectfully submitted,

MRS. BARRON SHIRLEY, Librarian.

Report of School Board

To the City Council of the City of Franklin:

The Board of Education of the City of Franklin herewith submit the report of the Franklin School District for the year ending December 31, 1932, it being the 32nd of the series of similar reports.

We urge the taxpayers to study the following reports.

Respectfully submitted,

MRS. MARGUERITE T. CLIFFORD,

DR. JAMES B. WOODMAN,

CHARLES E. DOUPHINETT,

School Board of Franklin.

Superintendent's Report

To the School Board of Franklin:

I submit for your consideration and as a permanent school record the following:

At the beginning of the year little construction work was contemplated, but the increased enrollment at the junior high school this last Fall Term necessitated enlarging the cafeteria. Formerly, 60 could be accommodated there, now, 100 and nearly every seat is taken at the noon hour. The cafeterias at both junior high and senior high are self supporting.

The mechanic arts department, both machine shop and wood working shop have been enlarged at practically little expense, the work being done by the boys of these departments.

Storage closets for athletic equipment have been provided at the high school building.

Repairs have been confined to absolute immediate requirements, mostly at the high school building.

Because of increased enrollment it has been necessary to add to equipment at both junior and senior high, mostly chairs and desks.

Enrollment, etc.

Headmaster Kendall reports for the Senior High School as follows:

The enrollment increased 16.4% or 33 pupils, over that of 1931, making a total of 236 boys and girls in Grades X, XI and XII.

	Boys	Girls	Total
Grade X	37	45	91
XI	45	42	87
XII	29	29	58
	<hr/>	<hr/>	<hr/>
Totals	111	125	236

These pupils are enrolled in the following curricula:

	Grades	X	XI	XII	Total
College Preparatory		16	6	7	29
Latin Scientific		0	2	2	4
Commercial		31	24	10	65
Manual Arts		25	40	25	90
Domestic Arts		19	15	11	45
General		0	0	3	3
		<hr/>	<hr/>	<hr/>	<hr/>
Totals		91	87	58	236

Class of 1932

Fifty pupils received diplomas on June 17, 1932, of these eight or 16% entered college or normal school, five or 10% are doing further work in high or preparatory school, six or 12% have entered hospital training schools, thirteen or 26% have full or part time employment, fourteen or 28% are unemployed, three girls are married, one boy has died.

Principal Rowell reports as follows for Junior High School:
Total enrollment:

	Boys	Girls	Total
Grade 7	40	47	87
Grade 8	57	38	95
Grade 9	61	63	124
	<hr/>	<hr/>	<hr/>
	158	148	306

Number taking Latin Course	31	
Number taking French Course	35	
Number taking Commerce	179	} Taking parts of both courses.
Number taking Manual Arts	145	
Number taking Domestic Arts	97	

The total number enrolled in the public schools September 30th, 1932 was 1008.

Health

This year for the first time, the School Nurse, who heretofore has been elected by the City Council and reported to the mayor, was transferred to the school department and its jurisdiction, as should be.

The work of the School Nurse for the year is summarized as follows:

In the public schools 942 pupils have been weighed and examined for physical defects. There were found 311 cases of bad teeth, 41 enlarged tonsils, 92 cases of defective vision and 15 cases of adenoids. Corrections have been secured for 251 cases of teeth, 7 of tonsils, 7 of pediculosis, 12 of vision and 4 of adenoids.

In St. Mary's School 468 have been weighed and examined. There were 117 cases of defective teeth, 28 of enlarged tonsils, 37 of defective vision, 7 of adenoids and 8 of pediculosis. The corrections secured have been 41 for teeth, 10 for tonsils, 6 for vision, and 8 for pediculosis.

Finances

The money expended for operating the schools for the year 1932 has been applied at the following per centage rates:

Teachers' Salaries	65.4
Operation and Maintenance of plant	11.1
Auxiliary Agencies (health, transportation)	7.2
Books and Supplies	5.2
Administration	5.1
Fixed charges (insurance, per capita tax)	3.5
Equipment	2.4
Miscellaneous	.1

The school department has expended this year for all purposes \$5,279.96 less than in 1931 and has a balance of \$370.43 with all outstanding accounts settled.

The median per pupil cost of education for all pupils in grade I-VIII inclusive in the state of New Hampshire for 1930-32 was \$82.11. In Franklin the per pupil cost was \$77.25.

The median per pupil cost of education in the high schools of New Hampshire was \$118.51. In Franklin the per pupil cost was \$86.40.

These figures, taken from reports compiled by the State Board of Education, should be good evidence that Franklin schools are economically administered.

School District Meeting

At the annual School District meeting, December 31st, Mrs. Lura Daniell was elected a member of the School Board for the ensuing three years without opposition. Mrs. Daniell succeeds Mrs. Marguerite Clifford who served six years and four months on the Board most efficiently and declined to be considered a candidate for re-election.

F. S. LIBBEY, Superintendent of Schools.

SCHOLARSHIP FUNDS

Sanger Scholarship

Resolved by the Board of Education of Franklin:

Whereas, Warren F. Daniell has by his written communication addressed to the Board of Education, expressed his intention of establishing a free scholarship for graduates of the Franklin High School in Simmons College in honor of his mother, and to be known as the "Sanger Scholarship", and agreeing to pay annually a sum sufficient to pay the costs of tuition for one student for four years in any of the courses described in the catalogue of the College, and

Whereas, a student to be awarded this scholarship must comply with the following regulations: First, she must have completed four years' satisfactory work at the Franklin High School; second, her parents must reside in Franklin; third, the student's parents must be unable without undue deprivation to pay the tuition themselves.

Be it Resolved: That the Board of Education of the City of Franklin fully appreciate the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young women of said city, thereby creating an additional incentive for higher educational advantages: and

Be it further Resolved: That said Board of Education willingly accepts said trust: and

Be it further Resolved: That a permanent Committee on Scholarship shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Headmaster of the High School of said city, and

Be it further Resolved: That this resolution shall be printed annually in the school report of said Board.

Franklin Student Aid Fund

To the Mayor and Members of the City Council, Franklin, N. H.:

In June, 1921, I placed with Dartmouth College at Hanover, N. H., a fund of \$2,500.00—the income from which I wished to be used to assist under certain conditions students at that institution who were residents of this city.

It was found incompatible with the methods of disposing of the funds at Dartmouth College, to handle this fund under the conditions which I wished to impose—and for that reason I have transferred this sum from Dartmouth College to the City of Franklin.

I am attaching herewith the securities representing the fund together with a statement of the methods I wish followed in disposing of the income from the fund.

Respectfully yours,

WALTER F. DUFFY.

Franklin Student Aid Fund

Established by Walter F. Duffy, June, 1921.

A sum of \$2,500.00 is entrusted to the City of Franklin, N. H., the income from which is to be used to assist worthy boys and girls, residents of this city, to secure a collegiate education or its equivalent.

The recipients of the income from this fund are to be selected by a board of three consisting of the Chairman of the Board of Education, Superintendent of Schools and Principal of the High School of the City of Franklin, N. H.

The income from this fund is to be disposed of under the following fixed conditions:—

I. Scholarship

A student must attain such satisfactory standing in studies as to make it apparent to the authorities of the institution of learning where he attends, that it is advisable that the student pursue his studies and that he is on this account worthy of financial aid.

II. Financial Needs

It is to be required that the students who receive benefit from this fund shall be obliged, through lack of family financial resources, to earn at least a substantial part of the money necessary to meet the expenses of their attendance upon their studies.

III. General Restrictions

It is to be understood that in allotting the proceeds of the fund, preference is to be given to students at Dartmouth College, Hanover, N. H., who are residents of the City of Franklin, N. H. If no such students apply for the benefits of this fund, then the income can be used to assist any boys or girls who are residents of the City of Franklin, N. H., and who are pursuing a course of studies in any institution of learning giving a collegiate education or its equivalent, provided that the first two conditions covering the disposition of the benefits of this fund are fulfilled.

It is also to be understood that the income from this fund may be divided between two or more students, and that any students who receive financial aid from the institutions of learning where they attend are not thereby prevented from receiving aid from this fund.

If no students fulfilling the above requirements apply for the benefit of this fund the proceeds may be used as they accrue each year as seems best to the three persons mentioned above for the general educational good of the citizens of Franklin, N. H.

Daniell Scholarship

In the year of our Lord one thousand nine hundred and fourteen.

A resolution relating to the "Daniell Scholarship".

Resolved by the City Council of the City of Franklin, as follows:

Whereas, Jere R. Daniell of New London, Connecticut, on the second day of April 1914, by his written communication of that date, addressed to the Mayor and Council of the City of Franklin, expressed his intention of establishing a free scholarship for graduates of the Franklin High School to the Massachusetts Institute of Technology, in memory of his father, the late Warren F. Daniell, and to be known as the "Daniell Scholarship", and

together with his letter of the 16th of May, 1914, in which he agreed to give the sum of two hundred and fifty dollars each and every year, hereafter, beginning September 1st, 1914, to cover the cost of tuition for one student for four years in any one of the courses described in the catalogue of the Institute, and,

That a student to be awarded this scholarship, in whole or in part, must comply with the following named conditions:

First. He must have completed four years' satisfactory work at the Franklin High School.

Second. His parents or parent must reside in Franklin, and be unable without undue deprivation, to pay the tuition required themselves.

Third. He must show during his four years' work at the High School, marked ability in some one of the several subjects covered by the Institute courses.

In case several candidates present themselves in any one year, the scholarship will be awarded by competition in the entrance examinations for the Institute. The candidate entering with highest standing to receive the award.

A holder of the scholarship will be expected to maintain the same standard of work at the Institute as that required of holders of regular Institute Scholarships and the scholarship will be withdrawn in case the work is unsatisfactory.

The right is reserved to divide the amount of the scholarship among several applicants should such action seem desirable.

Be it Resolved, That the City of Franklin fully appreciates the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young men of said city, thereby creating an additional incentive for higher educational advantages in those who through misfortune or adversity would otherwise be prevented from obtaining the same; and

Be it further Resolved, That said City willingly accepts said trust, and does hereby direct that the annual payment of the sum of two hundred and fifty dollars shall be made to the City Treasurer, who shall pay the annual tuition of said student or students upon the presentation of the bill for same by the Bureau of the Institute, and,

Be it further Resolved, That a Permanent Committee on Scholarship shall be established to consist of the chairman of the Board of Education, the Superintendent of Schools and the Principal of the High School of said City of Franklin, and

Be it further Resolved, That this resolution shall annually be printed in the reports of said city.

Approved,

W. W. EDWARDS, Mayor.

Passed June 1, 1914.

POLLS, VALUATION AND TAXES ASSESSED

RESOLUTIONS

In the Year of our Lord one thousand nine hundred and thirty-two.

A Resolution relating to the weekly pay rolls.

Resolved by the City Council of the City of Franklin, as follows:

That the Mayor be and hereby is authorized to draw his draft each week for the payment of the weekly pay rolls of the highway, sewer and other departments where weekly payment is required.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: January 4, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A Resolution relating to hiring money.

Resolved by the City Council of the City of Franklin, as follows:

That the Mayor and City Treasurer, for the time being, are authorized to hire money to pay the current expenses of the several departments, and any outstanding notes, bonds or evidences of debt of the City becoming due, and to give promissory notes therefor.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: January 4, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to the appointment of the Standing Committees of the City Council.

Resolved by the City Council of the City of Franklin, as follows:

That the Mayor be authorized to appoint the following Standing Committees of the Council to consist of three members each:

Highways.

Sewers.

Fire Department.

Police.

Schools.

Public Lands and Buildings.

Ordinances.

Street Lighting.

Cemeteries.

Claims.

Health and Public Welfare.

Finance to consist of the Mayor and two members of the Council.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: January 4, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to changes in the salaries or wages and duties of officials and employees of the City of Franklin.

Resolved by the City Council of the City of Franklin, as follows:

That notice is hereby given that the City Council reserves the right to change the salaries or wages of any official or any employee elected by or appointed by the City Council or of any official or employee who may be elected or appointed or hired by any person or persons acting for or in behalf of or with the authority of the City Council.

Notice is also given that the City Council reserves the right to change the salary of any official or employee now in the service of the city.

But, that no change in salary or wages shall be retroactive for more than thirty days.

The City Council also reserves the right to change the working hours or duties or title of any official or employee who is now or may hereafter be employed by the city in any capacity.

And that it be further resolved that the mayor be authorized to appoint a committee of three members of the City Council to investigate the salaries or wages paid all officials and employees of the city and report to the Council regarding any readjustment that may seem to the committee advisable. And that the City Clerk, the Board of Education, the Board of Water Commissioners, the Park Commissioner and other departments of the city be requested to furnish said committee with a list of all persons on their pay rolls showing name of person, amount of pay and kind of work.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: January 4, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to the passage of City Ordinances.

Resolved by the City Council of the City of Franklin, as follows:

Section 1. All by-laws passed by the City Council shall be termed ordinances, and the enacting style which shall be but once recited in each ordinance shall be: "Be it ordained by the City Council of the City of Franklin as follows:"

Section 2. An ordinance when presented shall be read a first time for the information of the Councilmen and referred to the Committee on Ordinances by the Mayor unless otherwise ordered by the Council. After due consideration, that Committee may report either for or against its passage, and the Council shall decide if the ordinance shall be given a second reading. An ordinance may be amended or changed after the first or second reading. Before its final passage the ordinance must be read for a third time. The second and third readings may be by its title by unanimous consent of the Council.

Section 3. All ordinances passed by the City Council shall be recorded without erasure or interlineation in a suitable Ordinance Book by the City Clerk.

Section 4. All ordinances of the City Council shall be published once in The Journal-Transcript, except a general revision.

Section 5. Every ordinance and resolution shall take effect upon its passage unless otherwise provided.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: February 1, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to the abolition of the position of Public Health Nurse.

Resolved by the City Council for the City of Franklin, as follows:

Inasmuch as all the work of the Public Health Nurse is now done in the schools and that the Board of Education has full authority to elect a nurse for this work and the State Board is said to recommend that the nurse and her work should be under the supervision of the local board in accordance with the practice throughout the state, then be it

Resolved, that the position of Public Health Nurse be and hereby is abolished. Also that the City agrees to pay from the funds appropriated for Health and Welfare work, one third of the salary of a school nurse when and if the Board of Education sees fit to appoint one, this salary to be for the work done by said nurse outside of the public schools, and suggests the appointment of Annie R. Provost for the position.

This resolution shall take effect March 1, 1932.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: February 1, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to receiving deposits to apply on taxes and discounts.

Resolved by the City Council of the City of Franklin, as follows:

That the tax collector be authorized to receive deposits to apply

towards the payment of taxes when taxes are assessed or payable.

Deposits made or taxes paid shall be subject to discounts as follows:

On or before March first $4\frac{1}{2}\%$.

On or before April first 4%.

On or before May first $3\frac{1}{2}\%$.

On or before June first 3%.

On or before July first $2\frac{1}{2}\%$.

On or before August first 2%.

Except that no discounts shall be made on poll taxes.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: February 1, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to the Great Gains Forest.

Resolved by the City Council of the City of Franklin as follows:

Whereas Mrs. Mary Aiken Drake has presented to the City of Franklin in memory of her husband, the late Dr. Ervin T. Drake, certain tracts of land north and south of the flag hole road in that section of the city known as the Great Gains, and

Whereas it is the wish of Mrs. Drake that this land be used to furnish work for the unemployed and fuel for the city dependants and at the same time developed under the supervision of the state forestry officials so as to be a permanent value to the city, therefore be it

Resolved that, first, the tract be officially known as The Great Gains Forest in Memory of Doctor Drake;

Second, that the highway committee of the City Council be authorized to have the tops and slash left from the lumber cut cleaned up and fire wood cut for a winter's supply.

Third, that the Lands and Buildings Committee of the City Council be given general supervision of the tract and authorized to confer with the state forester and other officials relative to the future developments so as to comply with the wishes of Mrs. Drake and the best interest of the city.

Approved: R. A. GRIFFIN, Mayor.

Passed May 2, 1932.

In the Year of our Lord one thousand nine hundred and thirty-two.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to hiring money in anticipation of 1932 taxes.

Resolved by the City Council of the City of Franklin, as follows:

That for the purpose of paying such claims against the City of Franklin as may fall due before the thirty-first day of December 1932, the Mayor and Treasurer of said City be and they hereby are authorized and empowered to make temporary loans from time to time during the current year 1932, for the use of said City of sums not exceeding in the aggregate amount of seventy thousand dollars (\$70,000.00), said loans being in anticipation of the taxes of the present year, and being hereby expressly made payable therefrom. Said Mayor and Treasurer shall give for the said loans, notes of the said City bearing the authenticating certificate of the First National Bank of Boston, said notes to be signed by the said Mayor and Treasurer and payable within one year from their respective dates. Other particulars as to the form, issuance and sale of said notes shall be determined by the City Treasurer with the approval of the Mayor.

Approved: RODNEY A. GRIFFIN, Mayor.

Adopted: August 18, 1932.

A true copy attest: GEO. S. FRENCH, City Clerk.

In the Year of our Lord one thousand nine hundred and thirty-two.

A resolution relating to the Daniel Webster Memorial Fund.

Resolved by the City Council of the City of Franklin, as follows:

Whereas a certain sum of money has been placed with the City of Franklin for care and maintenance of said Memorial. Resolved that a board of three trustees be elected, one for three years, one for two years, one for one year and one to be elected each succeeding year, beginning with the year 1934. The said fund to be known as the Webster Memorial Fund and to be used as needed for the care and maintenance of said Webster Memorial.

Approved: RODNEY A. GRIFFIN, Mayor.

Passed: October 24, 1932.

AUDITOR'S REPORT

To the Honorable Mayor and Council of the City of Franklin:

I have carefully examined and verified the books and accounts of the City Clerk, Treasurer, Tax Collector, Board of Water Commissioners, Superintendent of Water Works, Board of Education, Overseer of the Poor, Park Commissioners, Trustees of Trust Funds for the City of Franklin, Clerk of the Municipal Court, and Trustees of the Public Library, and find the same correctly cast with proper vouchers corresponding to all expenditures, all receipts properly accounted for, and find the following balances to the credit of the city.
